Invitation to Negotiate for
Public Information and Outreach Services

May 11, 2017

PURPOSE. CareerSource Florida, Inc., issues this Invitation to Negotiate (ITN) with the purpose of eliciting responses from full-service marketing and public relations firms capable of contracting with CareerSource Florida to provide strategic, comprehensive advertising outreach and public information services.

This contractual relationship(s) will facilitate increased public awareness of workforce system services and resources, enhanced public and stakeholder education and greater collaboration among strategic partners. In accordance with this corporation's guidelines that call for periodic evaluation of external contractor services, CareerSource Florida seeks to establish this contract with the possibility of two annual renewals. The contract period will be determined by CareerSource Florida. In the event CareerSource Florida determines the outreach capabilities of more than one contractor are in the best interest of the organization, CareerSource Florida reserves the right to contract with more than one respondent.

In accomplishing its communications objectives, CareerSource Florida must be responsive as well as continue to drive the strategic agenda for talent development to ensure the workforce system is meeting the evolving needs of Florida employers, job seekers and workers. These efforts demand increasing and strategic collaboration with statewide agencies, education providers, businesses and other entities for whom talent development and workforce quality is a top priority, including statewide and local economic development organizations such as the Florida Economic Development Council, Enterprise Florida, Space Florida, Visit Florida, the Florida Chamber and Florida Chamber Foundation and other partners including the Florida Department of Education, the State University System, the Florida College System and the Independent Colleges and Universities of Florida in addition to the local and state partners comprising Florida's state workforce system.

The approved contractor(s) will provide outreach services to assist with the continued implementation of CareerSource Florida's Workforce Innovation and Opportunity Act Unified Plan and deliver on-demand services, including but not limited to, branding, graphic design, media relations, advertising outreach and media buying, media production, web/interactive, annual and special report development and publication, social media management, printing, copywriting, collateral development, development of talking points and presentation materials for key staff and stakeholders as well as ad hoc outreach plans and strategic communications planning and development, and other creative services as needed. Such services would be provided to CareerSource Florida; at CareerSource Florida's direction, to its state-level partner, the Florida Department of Economic Opportunity; and, through managed programs of work, to CareerSource Florida's 24 local workforce development board partners throughout the state.

BACKGROUND. CareerSource Florida was established by the Florida Legislature to provide policy direction and general oversight to the state's workforce development system. As established in Chapter 445, Florida Statutes, this workforce system comprises CareerSource

Florida; the Department of Economic Opportunity, which serves as the administrative and fiscal entity for CareerSource Florida; 24 local workforce development boards; and a host of other state, regional and local partners. A board of directors largely appointed by the Governor oversees the activities of CareerSource Florida and the delivery of workforce services. CareerSource Florida is managed by a president and professional staff located in Tallahassee.

The workforce development system in Florida serves two customer groups – employers seeking skilled workers, and job seekers from entry level through professional, both employed and unemployed. Workforce development services are provided to these customers primarily through the 24 local workforce development boards throughout the state, which are chartered by CareerSource Florida, as well as through the system-wide virtual job matching and labor market tool, Employ Florida at employflorida.com.

There are approximately 100 career centers in Florida, overseen by the local workforce development boards, that provide workforce-related services to individuals seeking jobs, to employed individuals needing skills upgrades to retain their jobs and to businesses seeking to fill vacancies or stay competitive by upgrading the skills of their existing workers. More information about CareerSource Florida is available at careersourceflorida.com and about our 24 local board partners and the career centers they oversee by visiting their individual websites [at this link](#).
