As discussed with the Board and management during our planning process, our audit plan represented an approach responsive to the assessment of risk for CareerSource Florida, Inc. ("CareerSource Florida" or "the Organization"). Specifically, we planned and performed our audit to:

- Perform audit services, as requested by the Board, in accordance with auditing standards generally accepted in the United States of America, in order to express an opinion on CareerSource Florida's financial statements for the year ended June 30, 2021.
- Communicate directly with the Board and management regarding the results of our procedures;
- Address with the Board and management any accounting and financial reporting issues;
- Anticipate and respond to concerns of the Board and management; and
- Other audit-related projects as they arise and upon request.

We have audited the financial statements of CareerSource Florida for the year ended June 30, 2021, and have issued our report thereon dated September 29, 2021. Professional standards require that we provide you with the following information related to our audit:

MATTER TO BE COMMUNICATED	AUDITORS' RESPONSE
Auditors' responsibility under Generally Accepted Auditing Standards and Government Auditing Standards	As stated in our engagement letter dated May 20, 2019 and amendment dated September 16, 2020, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America (GAAP). Our audit of the financial statements does not relieve you or management of your responsibilities.  As part of our audit, we considered the internal
	control of CareerSource Florida. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.
Client's responsibility	Management, with oversight from those charged with governance, is responsible for establishing and maintaining internal controls, including monitoring ongoing activities; for the selection and application of accounting principles; and for the fair presentation in the financial statements of financial position, results of operations, and cash flows in conformity with the applicable framework. Management is responsible for the design and implementation of programs and controls to prevent and detect fraud.
Planned scope and timing of the audit	Our initial audit plan was not significantly altered during our fieldwork.
Management judgments and accounting estimates  The process used by management in forming particularly sensitive accounting estimates and the basis for the auditors' conclusion regarding the reasonableness of those estimates.	Please see the following section titled "Accounting Policies, Judgments and Sensitive Estimates and CRI Comments on Quality."
Potential effect on the financial statements of any significant risks and exposures  Major risks and exposures facing the Organization and how they are disclosed.	No such risks or exposures were noted.

# **MATTER TO BE COMMUNICATED**

Significant accounting policies, including critical accounting policies and alternative treatments within generally accepted accounting principles and the auditors' judgment about the quality of accounting principles

- The initial selection of and changes in significant accounting policies or their application; methods used to account for significant unusual transactions; and effect of significant policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.
- The auditor should also discuss the auditors' judament about the quality, not just the acceptability, of the Organization's accounting policies as applied in its financial reporting. The discussion should include such matters as consistency of accounting policies and their application, and clarity and completeness of the financial statements, including disclosures. Critical accounting policies and practices applied by the Organization in its financial statements and our assessment management's disclosures regarding such policies and practices (including any significant modifications to such disclosures proposed by us but rejected by management), the reasons why certain policies and practices are or are not considered critical, and how current and anticipated future events impact those determinations:
- Alternative treatments within GAAP for accounting policies and practices related to material items. including recognition, measurement, presentation and disclosure alternatives, that have been discussed with client management during the current audit period, the ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the auditor; furthermore, if the accounting policy selected by management is not the policy preferred by us, discuss the reasons why management selected that policy, the policy preferred by us, and the reason we preferred the other policy.

# **AUDITORS' RESPONSE**

See Note 1 of the Notes to Financial Statements and the section entitled "Accounting Policies, Judgments and Sensitive Estimates & CRI Comments on Quality."

We should also inform the Board about uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented, that were determined by management to be immaterial, both individually and in the aggregate, to the financial statements taken as a whole. Any internal control deficiencies that could have prevented the misstatements.	Please see the following section titled "Summary of Audit Adjustments."

We have not been provided any such items to date and are unaware of any other documents that contain the audited financial statements.

# Accounting Policies, Judgments and Sensitive Estimates & CRI Comments on Quality

We are required to communicate our judgments about the quality, not just the acceptability, of the Organization's accounting principles as applied in its financial reporting. We are also required to communicate critical accounting policies and sensitive accounting estimates. The Board may wish to monitor throughout the year the process used to compute and record these accounting estimates. The table below summarizes our communications regarding these matters.

AREA	ACCOUNTING POLICY	CRITICAL POLICY?	JUDGMENTS & SENSITIVE ESTIMATES	COMMENTS ON QUALITY OF ACCOUNTING POLICY & APPLICATION
Capital Assets	Capital assets are depreciated or amortized over their estimated useful lives.	Yes	Useful lives are estimated based on experience with similar assets and guidance provided by the AICPA Auditing & Accounting Guide.	Policy appears to be in accordance with all applicable accounting guidelines.
Allowance for Doubtful Accounts	The Organization maintains an allowance for doubtful accounts.	Yes	The Organization determines the allowance for doubtful accounts based on specific identification and a general reserve based on management's experience with prior collections and the current economic environment.	Policy appears to be in accordance with all applicable accounting guidelines.
Expenses	The Organization allocates indirect expenses based on its cost allocation plan.	Yes	Expenses are charged directly to programs that benefit from the expense where possible, or to the indirect cost pool. Indirect expenses are allocated to programs based on the percentage of total funds from each program utilized across the entire CareerSource Florida Network from the prior quarter.	Policy appears to be in accordance with all applicable accounting guidelines.

# **Summary of Audit Adjustments**

During the course of our audit, we accumulate differences between amounts recorded by the Organization and amounts that we believe are required to be recorded under GAAP. Those adjustments are either recorded (corrected) by the Organization or passed (uncorrected).

No adjustments were identified and provided to the Organization.

# **QUALITATIVE MATERIALITY CONSIDERATIONS**

In evaluating the materiality of audit differences when they do arise, we consider both quantitative and qualitative factors, for example:

- Whether the difference arises from an item capable of precise measurement or whether it arises from an estimate, and, if so, the degree of imprecision inherent in the estimate.
- Whether the difference masks a change in earnings or other trends.
- Whether the difference changes a net decrease in assets to addition, or vice versa.
- Whether the difference concerns an area of the Organization's operating environment that has been identified as playing a significant role in the Organization's operations or viability.
- Whether the difference affects compliance with regulatory requirements.
- Whether the difference has the effect of increasing management's compensation for example, by satisfying requirements for the award of bonuses or other forms of incentive compensation.
- Whether the difference involves concealment of an unlawful transaction.

# **INTERNAL CONTROL RECOMMENDATIONS**

The Board of Directors and Management of CareerSource Florida, Inc.

In planning and performing our audit of the financial statements of CareerSource, Florida (the Organization) as of and for the year ended June 30, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

This communication is intended solely for the information and use of management, Board of Directors, others within the Organization, and is not intended to be, and should not be, used by anyone other than these specified parties.
